“Out of this World” Quilt Show – May 4 and 5, 2019

Entry Form – due no later than April 4, 2019

PLEASE NOTE: The registration and judging committees and the quilt show judges reserve the right to re-classify to a different category any quilt entered for judging. This may be necessary when there are not enough entries in a given category, when a quilt fails to meet the stated size requirement or for other reasons.

FOR LARGE, MEDIUM, SMALL QUILTS:

Please enter your quilt in the technique category (pieced or applique) that best describes the preponderance of work on that quilt. There may be elements of both but one or the other is incidental to the construction of the quilt (e.g. piecing large background blocks together for applique or appliqueing a few elements onto a pieced quilt). The mixed category should be chosen when your quilt is more or less an even blend of both piecing and applique, with no more than a 60%-40% split between the two.

NOTE: MINIATURE QUILTS WILL BE INCLUDED IN THE SMALL QUILTS CATEGORY.

ART QUILTS: An art quilt is an exploration of a concept or an idea featuring textile manipulation, mixed media, unconventional colors or textures. An art quilt may be abstract or representational.

CONTEMPORARY/MODERN: These quilts are inspired by contemporary design aesthetics and may include the use of bold colors and prints, high contrast or graphic areas of solid color, improvisational piecing and an emphasis on negative space. They often employ classic and traditional quilt designs in updated ways.

BLOCK-OF-THE-MONTH/KITS: Quilts in this category include ones made from purchased block-of-the-month patterns using either fabric supplied with the pattern or one’s own choice of fabric. Kit quilts are made from complete packages, including pattern and fabric, with minimal substitutions of the quilter’s own fabric.

THEME: OUT OF THIS WORLD: In 2019, we are celebrating the 50th anniversary of humans landing on the moon. This achievement ushered in an era of space exploration that has seen missions to the moon, other planets in our solar system and celestial bodies outside our own universe. Using this as your inspiration, create a quilt that celebrates the vast worlds beyond our own – the sun, the moon, the stars or whatever you can imagine. Each side of the quilt should be between 20” and 50”; the quilt can be square or rectangular.
