**Northwest Suburban Quilters Guild (NSQG)** is excited to welcome **Victoria Findlay Wolfe** as our guest speaker and instructor in **September, 2019**. Victoria grew up in Minnesota, is trained in fine arts, and loves painting, sculpting, and photography. She is not happy unless she is making something, and quilts are her greatest passion. Greatly influenced by her grandmother's crazy quilts, she learned her sense of color while buried under them in the cold Minnesota winters. After spending time in New York pursuing her painting, she came back to sewing and started a quilting blog.

**Lecture:** On **Thursday, September 19, 2019**, Victoria will present her lecture and trunk show, "Creativity & Play: The What and Why's of PLAY!" Victoria will share about her process and inspire you to push your creativity. It's exciting, and she promises to send you home with a creative buzz! Our meetings are held at the **Rolling Meadows Community Center Auditorium**, 3705 Pheasant Drive, Rolling Meadows, IL 60008. The guest fee is \$10. Doors open at 6:30 p.m. and the meeting will begin at 7:00 p.m.

**Workshop:** On **Wednesday, September 18, 2019**, Victoria will teach her pattern for "Cascade", a very popular quilt from Victoria's book, "Modern Quilt Magic". The class time is spent talking about design, and will focus on the fabrics the students have brought and helping them find a direction for their own quilts. The construction technique is based on slight curve piecing and understanding bias. The light to dark version is only one possibility, and we work with what fabric is available. We talk about all the possibilities! The pattern is full of surprises and options! At this time, this class is only open to NSQG members. You may join our guild via our website, [www.nsqg.club](http://www.nsqg.club).

**Workshop:** On **Thursday, September 19, 2019**, Victoria will teach us how to construct a single Double Wedding Ring block. Victoria's obsession with DWRs is contagious! Learn the tricks for success in her class and discover that these quilts are really not difficult to make. Learn how to pin for results, piece curves, and build patience and confidence! You'll make one "ring" in this class. You can decide whether to stop there for a pillow or wall hanging, or keep going at home for something bigger. At this time, this class is only open to NSQG members and is filled.
